

Reston, Virginia, USA | 13–16 November 2012

Hydrogeomorphic Feedbacks and Sea Level Rise in Tidal Freshwater River Ecosystems

Registration list as of 7 November

Jenny Allen

University of Maryland

Devendra Amatya

USDA Forest Service

Andy Baldwin

University of Maryland

Jvan Barbaro

University of Padua

Aat Barendregt

Copernicus Institute

Leah Beckett

University of Maryland

Christopher Bernhardt

U.S. Geological Survey

Gavin Blosser

Baruch Institute of Coastal Ecology
and Forest Science

Amy Borde

Pacific Northwest
National Laboratory

Anna Braswell

Duke University

Jennifer Bryan

University of Maryland Center for
Environmental Science

Paul Bukaveckas

Virginia Commonwealth University

Daniel Cadol

New Mexico Tech

Margaret Christie
University of Delaware

Matt Cohen
University of Florida

William Conner
Baruch Institute of Coastal Ecology
and Forest Science

Nicole Cormier
U.S. Geological Survey

Jeffrey Cornwell
University of Maryland Center for
Environmental Science

Christopher Craft
Indiana University

Andrea D'Alpaos
University of Padova

Maureen Downing-Kunz
U.S. Geological Survey

Thomas Doyle
U.S. Geological Survey

Jamie Duberstein
Baruch Institute of Coastal Ecology
and Forest Science

Andrew Elmore
Appalachian Laboratory

Katia Engelhardt
University of Maryland Center for
Environmental Science

Scott Ensign
U.S. Geological Survey

Sergio Fagherazzi
Boston University

Stuart Findlay
Cary Institute

Carl Friedrichs
Virginia Institute of Marine Science

Neil Ganju
U.S. Geological Survey

Steven Guinn
University of Maryland Center for
Environmental Science

Jim Heffernan
Duke University

Zoe Hughes
Boston University

Cliff Hupp
U.S. Geological Survey

Brooke James
USDA Forest Service

David Jay
Portland State University

Kai Jensen
Hamburg University

Miriam Jones
U.S. Geological Survey

Matthew Kirwan
University of Virginia

Ken Krauss
U.S. Geological Survey

Daniel Kroes
U.S. Geological Survey

Laurel Larsen
U.S. Geological Survey

Scott Lerberg
Virginia Institute of Marine Science

Patrick Megonigal
Smithsonian Environmental
Research Center

Juliane Mossinger
Nature

Jim Morris
University South Carolina

Tadanobu Nakayama
National Institute for Environmental
Studies

Brian Needelman
University of Maryland

Scott Neubauer
University of South Carolina, Virginia
Commonwealth University

Greg Noe
U.S. Geological Survey

Dan Nowacki
University of Washington

Cindy Palinkas
University of Maryland Center for
Environmental Science

Greg Pasternack
University of California at Davis

Steven Pennings
University of Houston

Kathryn Pierfelice

Auburn University

Jim Pizzuto

University of Delaware

Karen Prestegaard

University of Maryland

Tracy Quirk

The Academy of Natural Sciences

Bastian Reinwarth

Friedrich-Schiller-University

John Shaw

The University of Texas at Austin

Katherine Skalak

U.S. Geological Survey

Camille Stagg

U.S. Geological Survey

Lori Sutter

Virginia Institute of Marine Science

Stijn Temmerman

University of Antwerp

Marco Toffolon

University of Trento

Carl Trettin

USDA Forest Service

R. Wayne Wagner

University of Texas

Jonathan Woodruff

University of Massachusetts

Nat Weston

Villanova University

Deb Willard

U.S. Geological Survey

Matthew Wolinsky

Shell Research and Development

Joseph Wood

Virginia Commonwealth University
